

Dear ,

Thank you for your outstanding efforts in German class. You have been a valuable member of class and a real asset to the Timpview German program. I am writing you this letter to personally invite you to take German 4 AP next year. You have shown a real talent for German in your class performance. I think that you would be an excellent member of the German 4AP class. In German 4 AP we complete our preparation for the AP German test. If you make German one of your priorities, you will be able to pass the AP Test after taking 4 AP. Taking and passing the AP German Test looks very good to college admissions committees. The German 4 AP class is taught together with the German 3 Honors class and is an advanced German class. We read, watch, and listen to authentic German texts and discuss real German issues. We thoroughly review the important structures of the language and greatly increase our German vocabulary.

Sometimes it can be difficult to find a way to fit German into your schedule. If you want to take German, but don't know how to make it fit, please come and talk to me about it. We can find a good solution.

Sincerely,

Stephen Van Orden
German teacher
Timpview High School
